Work Safely! - LIFE IS LOUD and Dosimetry measurements are happening now! This is a great chance to see how loud your area or operation are at work. With dosimetry they measure your personal exposure and not just an area measurement. ATC/Atlas is the contractor doing the area and dosimetry testing for GE-EHS. The meter is much smaller and non-intrusive than in years past. Call Mitch Johnson if you would like to participate (440-596-9628).
